 - Software
4. Member 4
 - Cheerleader

Inserting an Image

To insert an image, you will need to drag + hold shift + drop

[Click here to link](#)

[Click here to jump to test.md](#)

Code Block

To highlight or insert a particular section of code, you can do the following

1. In raspberry pi, if you want to update you will `sudo apt update`

```
from tkinter import *

main = Tk()

main.mainloop()
```

Quotes

A fomous quote by **Sir Isaac Newton**

For every action, there will be a reaction.

Tables

This is how you insert tables

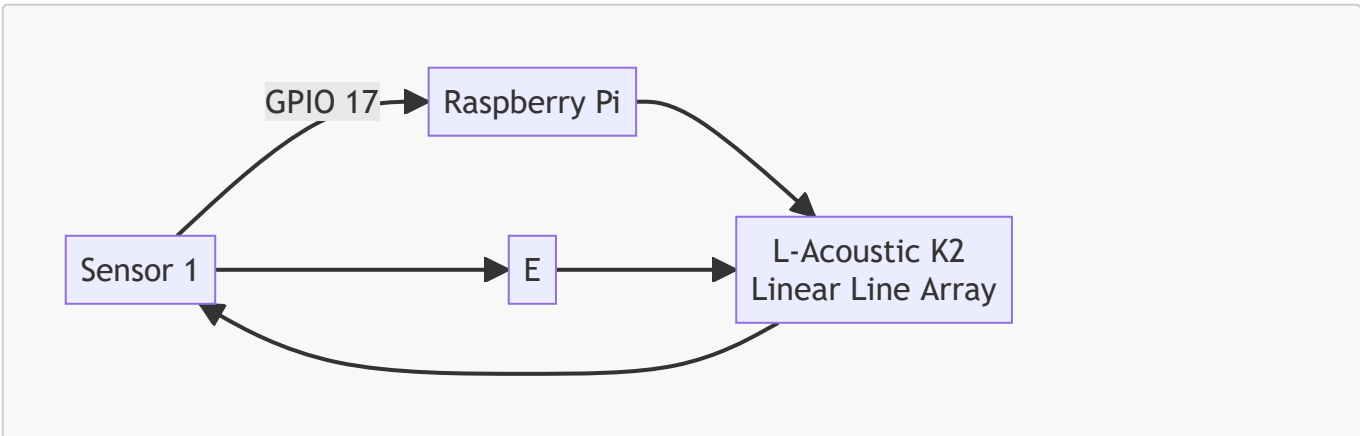

Header A	Header B	Header C
Row 1	Data A	Data B
Row 2	Data C	Data D

```
|---:| this is to justify right (Align right)
```

Horizontal Rule

This is how you insert a section line

Flowchart

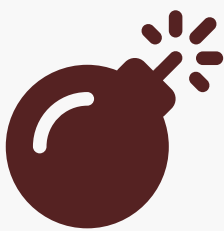

```
graph TD is Top-Down
graph LR is Left-Right
```

Amount of dashes (-) affect length of arrows

Requires 2 dashes inbetween the words to work (Example [GPIO 17])

Sequence Diagram

Syntax error in text
mermaid version 10.4.0

```
->> is solid line
-->> is dotted line
```
